Little Learners, Big Futures

Karitane proudly supports parents and families through a wide range of health and community services from in-centre care and virtual support to community-based programs. These services cover everything from toddler behaviour and mental health to breastfeeding, parent-child relationships and residential stays.

One of Karitane's key initiatives, Linking Families, operates across Liverpool, Bankstown and Fairfield. It provides case management for families with children aged 0–5, including prenatal support, home visits, parenting education and health promotion. The program also offers supported playgroups, creating safe spaces for children and parents to learn and grow together.

With schools reporting an increase in children lacking foundational skills, Karitane is launching

the “Little Learners for Big School” pilot program, thanks to a generous \$12,000 ClubGRANTS contribution from Mounties Group. This initiative will help children and parents build essential skills for kindergarten, provide school starter packs, fund staff training, incursions and supply refurbished laptops to boost digital literacy for families.

Together, we're helping children take confident steps into kindergarten and beyond.
